Auditor Renders Report of Celebration Receipts And Expenditures

Black Point Cut-Off Affairs Discussed at Regular Meeting. Spencer Is Ousted. Surplus Funds Donated to Red Cross and Signs For Highway.

Because the Spencerian system of winding up the affairs of the Black Point Cut-off Celebration was regarded as arbitrary and irregular and because Z. T. Spencer, erstwhile chairman of the executive committee, drew checks with the name of Henry Watters accompanying his own, instead of Secretary M. H. Rowell's and backed up by a hand picked committee of three others, attempted to donate money out of the surplus celebration funds without proper authorization, Spencer was ousted last Monday night. His line of conduct did not square up or "dovetail" with either parlimentary practice or sound finance and his elimination, he ultimately brought upon himself.

The break came after a large majority of the executive committee had requested in writing that the chairman call a regular business meeting to properly settle up the affairs of the celebration and to determine upon the disposition of any residue in the treasury. Spencer ignored the request, whereupon the committee met at the City Hall and after electing a president and secretary pro tem, decided to notify every member of the executive committee, including Chairman Spencer to be present Monday evening, July 23rd to receive Auditor Perkins financial report and to dispose of any surplus that might remain in the fund after all proper bills had been paid.

Every member was notified, but Spencer in a note to the auditor protested that all business had already been transacted, and to his idea, regularly disposed of and therefore refused to preside or be present. He obviously overlocked the fact that at the memorable dinner where four members made charitable donations and created trustees and tried to "dovetail" other queer things, there was not a majority of the executive committee present, for some members (including the auditor) he did not notify at all and others he failed to advise that the social meeting was to be devoted to frenzied finance and the creation of a board of charities.

At Monday night's meeting the executive committee was represented by the following: B. Bordson, C. Johnson J. H. Murray, R. E. Perkins, Mrs. C. Murphy, Wm. von Hacht, Mrs. Ralph Hotz, Mrs. Dora Stofen, F. T. Duhring and Joe Ryan. Messrs Perkins and von Hacht presided and after some discussion, a motion was made and seconded and carried, declaring the office of chairman to be vacant.

Mr. Perkins was urged to take the office but on account of his position as auditor, declined and F. T. Duhring was therefore named. The financial report was read and revealed the fact that a $25 donation had been paid to Mrs. Hoover with the understanding that Spencer would make it good if any question arose as to the validity of the transaction. The appropriation of the amount to a local charity case was not questioned and had Spencer properly brought the circumstances to the attention of the executive members as a whole, he would probably have found them kindly disposed, notwithstanding the fact that they are sticklers for business-like conduct and procedure in the handling of public funds. Business first, sentiment afterwards in the stewardship of the people's money, that is the point of view which the committee was determined should prevail.

If the peevish threat of the chairman of the finance committee is not carried into effect, the $154.98 balance on hand may be further augmented by $20 generously donated by Mr. and Mrs. M. Schweitzer. This sum was never reported nor was the check deposited as required. Auditor Perkins made a demand on Mr. Wagner for the amount and his remarks were caustic as he interrogated the member of the finance committee on his mode of doing business. Wagner says he will return the check to the donors rather than turn it in.

It appearing that there was over $150.00 on hand, it was voted to give $100.00 to the local branch of the Red Cross Society and to expend a sufficient amount to have a large sign put up at the intersection of the State highway at Schellville, pointing the way to Sonoma, the Valley of the Moon. A committee of three consisting of Messrs Bordson, Clewe and Johnson will attend to this much needed improvement and any money remaining will be turned over to the Red Cross.

The members adjourned to meet at the call of the chair.

The following is the auditor's report of July 23rd, showing receipts and expenditures to date:

INSTALL OFFICERS AND HONOR PAST PRESIDENT

The Native Daughters were honored last Monday evening with a visit from Veda Bollen, Grand District Deputy and members of Marineta Parlor No. 119 of San Rafael. She was accompanied by P. G. D. D. Foley of Orinda Parlor and 34 members of neighboring Parlors. The occasion was the installation of the new officers of Sonoma's lodge. Miss Myrtle Hardy is the new President and the outgoing executive, past president Florence Robin was presented with a handsome gold jade ring. After the ceremonies a sumptuous banquet was served at prettily decorated tables.

Speechmaking, toasts and general repartee marked this fine affair.

Next Monday Sonoma's Native Daughters are to be guests of San Rafael at a brilliant evening.

The recent sally by the obnoxious pests and the fact that the Supervisors must be asked for funds to proceed prior to the making of the yearly budget, August 15th, led to the spirited discussion on the creation of the district. City Engineer Thos Lewis was there in an advisory capacity and will make some surveys to determine the area to be gone over.

The Real Estate license law which goes into effect next week will help some in improving a game that needs improving. The business has suffered in the eyes of the public on account of the unscrupulous deals and dealers engaged in what should be the most honorable of callings. Far worse than injustice that has been done to individuals is the injury which communities suffer when poor land is marketed for good and poor people who never can dig out or pay their bills are shunted into a community to struggle for existence. While the new law may not get at the real root of the evil it will raise the standard of people in the real estate business, keep tab on their actions and make them somewhat answerable for their lines of conduct. Too many new laws are aimed at bad practices but purposely fail to ring the bell for the reason that a bullseye would cost votes which politicians cant afford to lose. In substance the laws are good and catch the popular fancy and public commendation but in effect they usually fall short of the mark. Let us hope that the real estate law will be an exception to the rule.

President Palmer of the Northwestern Pacific who can see the commercial value in our beautiful hills and valleys of Sonoma county hit the nail on the head when he said, we should provide fire fighting facilities to cope with forest fires such as have just been fought up in the Russian river country. Now that Sonoma county owns Armstrong woods, the supervisors should appropriate enough money to call out fire fighters when necessary in the protection of our property and they should be available for other menacing conflagrations. In a glorious vacation land such as this, let us do all within our power to preserve our natural beauties.

The Pear may not quite as aristocratic a fruit as grape fruit or the orange but it is entitled to a lot more protection than its growers have been getting for no fruit is more delicious when properly marketed or suffers more by deterioration. The pear is very perishable which fact has led to unfortunate marketing conditions for through lack of organization the pear growers with heavy crops could not take chances with the luscious fruit and had to keep it moving at any price. With the present movement to effect a substantial organization, much good can be accomplished and instead of being forced to accept $35 per ton, the prospects will be good for $50 or $55 with the alternative of drying the product cooperatively and thus bringing a good price eventually to the man who plows, prunes and picks instead of the wily buyer who figures in the production of the pear only in so far as he can grab off easy money.

Make Your Will

H. CLYDE HARMS, In Farmers News

The average man exercises every precaution known during life to provide for the welfare of his loved ones. This is a commendable trait. A still better one is to insure their happiness after one's death. Many men believe their health is too good to make a will. Others believe that the law will distribute the property, hence no need of a will. True, the law will distribute it, but not by any means the way one would have the property go. Besides where no will is left, it paves the way for long and costly lawsuits, the very contingency which should be avoided, if possible.

A will should be carefully drawn by a competent attorney, (the cost is small, quite often no charge is made). One need not set forth the property owned, nor the value. The estate may be divided into various shares, or if advisable, left entirely to the wife. These are points to discuss with your attorney and then follow his advice. If the property is to be held in trust, the will by all means should be drawn by an attorney.

If one chooses to draw his own will, precaution should be taken that the entire instrument is in his own handwriting, that is the date, placeof residence, body of instrument and signature. There should be no printing on the paper. Neither should it be typewritten. This kind of a will does not have to be witnessed. This form is not advisable.

Contrary to common belief a will can be made by a woman as well as a man. As important as the will itself, is the appointment of an executor. On him largely depends the successful administration of the estate. It is best to appoint a trust company, with perhaps an individual familiar with the business or property to assist. It costs no more, for the fees are fixed by statute. The advantages of a trust company are: That they never die (a distressing fact about a human being), no extra expense against the estate for a bond, no chance for misappropriation of funds and prompt business management of the estate. If the company should fail (which is almost impossible in this State) trust funds are separate and not liable to attachment besides being protected by a cash bond deposited with the State of California. A trust company for an executor is the modern way and safest.

After the will is made, place it in your safe deposit box, or seal it up and let your bank take charge of it. Quite often when the will is left lying around it is first found by those who are not satisfied with the provisions thereof, and consequently the will is never probated. There is a penal statute against this, but a conviction is almost impossible.

A will is as important as life insurance or paying taxes. A good slogan to adopt in regard to wills is, "Do it today, tomorrow may be too late."

In closing let me quote Samuel Scoville, Esq., of the New York bar, "Make a will, make it right, keep it safe, don't rely entirely upon an individual executor and you'll live happier and die happier and be remembered more gratefully than if you shirk the responsibility."

To do the charitable act, brothers, you do not have to eat dinners and grab off public money surreptitously. Read Roberts Rules of Order, the Bible and other good books if you would imbibe good principle on which to work. Charity should begin at home and if there are deserving cases, why not take it up with the churches and aid societies which comprise some of our most benevolent and big hearted men and women.

Charity covers a multitude of sins but there are some it cannot cover.

ST. HELENA VINTAGE FESTIVAL

The St. Helena Vintage Festival does not only exhibit the products of the vineyards of Napa valley, but gives an opportunity for the Chamber of Commerce, the Farm Centers and individual farmers to make artistic displays of all the diversified industries of the county.

The festival this year will be held Friday, Saturday, Sunday and Monday, August 31st. September 1st, 2nd and 3rd, and will be the sixth one given. It will eclipse all former ones, both in artistic beauty and the extent of exhibits.

SYNOPSIS OF ALLEGORY

The beautiful and spectacular allegory, "Back to the Soil" that attracted so much favorable comment last year will be staged again. The author, Mr. Gardner de Veuve, has added new songs and dances, and it will be the great entertainment feature of the festival.

The scenery and lighting effects are very beautiful and the many dances are artistic and graceful. Music for the allegory will be provided by one of the best orchestras in the State, and Mrs. Florence Drake Leroy, a talented singer, will assist with the vocal numbers.

The queen's grand ball will take place Saturday evening, September 1st, and the floral and industrial parade on Labor Day.

There will be concerts, dancing and other entertainments and the festival will close with a street dance and confetti battle.

Mise Alma Dal Pogetto returned Saturday from a pleasant trip to the metropolis.

BETROTHAL IS ANNOUNCED

Twenty-five young girl friends assembled at the invitation of Miss Norma Blevins at the Dr. W. J. Blevins home yesterday afternoon, were formally told of the engagement of that popular young lady to Neil Zane, young Woodland rancher. The announcement was made after an afternoon spent at bridge and sewing and came at an elaborate dinner. The affair was the occasion of unlimited congratulations for the pretty bride-elect who has slways occupied a leading role in the younger society of this city.

Although no announcement was made of the date of the marriage it is supposed it will be solemnized sometime in the early fall.

Miss Blevins is the daughter of W. B. Black and Mrs. W. J. Blevins and has been a life resident of this county. She is a general favorite among her many friends, a graduate of the Woodland schools and for a time a student at Mills college.

Mr. Zane is a younger son of the George Zane's of this city, and has since manhood and the completion of his schooling, been connected with his father in farming. He recently entered into this business for himself and this year has many river acres in beans under his own management. He attended Stanford University for one year and during that time starred in football circles, winning his numerals. He is a frank and responsible man and one who is destined to make a mark in all his undertakings.—Woodland Mail

Mr. Zane is a nephew of Mr. and Mrs. Claude Johnson.

ED. CODIGA WILL WED

The engagement of Edward Codiga of Napa a prominent member of the La Alegria Social Club and an employe of the Keig Shoe Company, to wed Miss Norine Eldred, an attractive Sacramento belle of the brunette type, has just been announced. The betrothal is the culmination of a courtship which started last year when the Napa Ambulance Company was stationed at the Capitol City before departing for the Mexican border, Codiga having been a private in the ambulance corps at the time. The date of the wedding has not as yet been set.

Ed. is a nephew of Mrs. Pinelli.

Mrs. G. Goess, who has been visiting at the handsome home of her daughter, Mrs. Homer in San Francisco has returned home.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

Scott & Bowne, Bloomfield, N. J.

For 25 years the International Correspondence Schools have been training men for better work and bigger salaries. They can train YOU, no matter where you live, what hours you work, or how little your education. Mark and mail the coupon and *find out*—it won't obligate you in the least.

WOMEN SEW FOR SOIDIERS

Sonoma Red Cross Ladies do Splendid Work Each Day at City Hall.

Now that our boys have been drafted and it has been officially announced that 112 men will go from this district to the front and now that the local Red Cross order is beginning to send out many useful articles on which they have been sewing for the past two weeks, the full meaning of the participation of the United States in the great conflict is coming home to Sonoma with greater force than ever before. There was intense excitement at this office and elsewere in town Friday and Saturday as the numbers for the great Washington lottery began to come in. Almost to a man those who drew numbers were thrilled and eager to present themselves for service and disappointment was written upon the faces of many whose numbers were not called.

Over at the city hall mothers, wives and sweethearts are plying their needles daily with zeal and enthusiam, while three sewing machines (and by the way they need another one or two) whirr away on the great task on furnishing hospital garments. bandages, comfort bags and socks for those brave lads who are making that great battle for democracy "somewhere in France."

The patterns are all sent from Red Cross headquarters and Sonoma's worthy women under the leadership of Mrs. G. H. Hotz, Mrs. Burlingame, Mrs. Appleton, Mrs. Volquardsen, Mrs. F. T. Duhring, Mrs. Ralph Hotz, Mrs. Stofen and Mrs. Groom have already completed 52 pair of bed socks, 24 slings, 4 dozen hankerchiefs, 3 dozen napkins, 6 split pillows, many night shirts, comfort bags, tumble covers. It brings a lump in your throat and the tears well to your eyes as you look at the forlorn comfort embodied in the "comfort bags" contained in the khaki colored sacks for use of those far away from home in the trenches—a bar of soap, a comb. shoe laces, darning cotton, a tooth brush, towel, paper and pencil with which to write home and pipe and tobacco to soothe and give wing to thoughts of peaceful days and restful nights.

Will a prayer be said and a blessing breathed on those who are sending these comforts for use out there? Well rather! and every man, woman or child should go over to our city hall and see what is being done, that they may be all the more eager to help along the great work. Down in Schellville too, the good women of the southern part of Sonoma valley are sewing and helping to make the necessities of war, for one of the social clubs has been turned into a great group of earnest workers.

If you can't be away from home and want to help in the sewing ladies, call at the city hall and get a pattern or model to take with you and do your bit between other duties.

If one of our readers wishes to make a good useful contribution to the local auxiliary a large sharp pair of shears would be much appreciated for cutting out shirts and such work.

HAWAIIANS WILL ERECT STATUE FOR JACK LONDON

The Hawaiiani islanders, among whom Jack London lived and wrote for many years, will unveil a bronze bust of the writer on Pan-Pacific day in September. The Pan Pacific club, composed of representatives of races from all countries in or bordering upon the Pacific ocean and residing in Honolulu, will be in charge of the ceremonies. The bust will be erected on the sight of the grass hut on the beach at Waikiki which London occupied during his visit there and where he sat almost daily during his last visit while writing his famous dog stories--Jerry and Michael.

Mrs. Bradley and children left for San Rafael this week where they will take up their residence. Mr. Bradley has been assigned to a conductor's job on the N. W. P. railroad.

Raymond Castex spent the last week-end with Sonoma friends.

ARMY BAKERS WANTED, ENLIST!

Men who have registered and whose numbers have been drawn are still eligible to volunteer their service until such time their local board calls them for examination. It is not likely they will be called by local boards until August 1, 1917.

Prior to being officially called before the board you have the privilege of voluntarily entering the 'United States Army or any other branch of the service for the duration of existing emergency. Your opportunities for promotion to a higher rank are much greater in the volunteer service than in the service for which you will be drafted Volunteers rather frequently obtain commissions in time of war. Furthermore, by voluntarily entering the service, you have your choice in selecting the branch of the service which you desire to enter.

The Infantry, Medical Department and Signal Corps are at the present time open for enlistments. Two thousand (2000) men are needed at once for the recently organized Bakery Companies of the Quartermaster Corps, United States Army. This offers a splendid opportunity for strong and energetic young men to learn a trade at Uncle Sam's expense. There is an excellent opportunity for promotion in this branch of the service. There are at the present time not less than 800 vacancies in the grade of Sergeant Baker and 600 in the grade of corporal, to be filled by the most capable men. In addition to this there will be vacancies in the grade of 1st and 2nd Lieutenant for experienced bakers with the necessary educational qualifications. A man with a good high school education stands a good chance to enlist, learn a bakers trade and place himself in line for promotion to the grade of non-commissioned officer and commissioned officer. Why not enlist now for one of these companies?

You have an opportunity for service abroad and a good chance for promotion.

An appeal is made to all subjects of conscription, who have no dependents and are not engaged in pursuits neccessary to the prosecution of the war, to volunteer their services now.

If you desire to enter the United States Army, please apply either to the Local Postmaster or the Army Recruting Station, 529, 4th Street, Santa Rosa, Cal. The latter office is kept open day and night.

Sergt. CHARLES A. VOGEL.

Henry Weber Jr. has written from Del Monte where he has been enjoying the past week with the weather only 80 degrees. Enroute to Monterey he stopped over in San Francisco to visit the newlyweds, Mr. and Mrs. Ted Whitlow (nee Dorothy Macfarlane). He found them very happy and anxious to be remembered to their many Sonoma friends.

Upon the recommendation of some of our leading citizens, release from the aviation service will be procured for young Mazucca whose father is ill and dependent and whose little brothers and sisters, now motherless are in need of his help. The young soldier has been stationed at Fort Worth, Texas.

Mr. and Mrs. Wayne Batchelor were here Sunday and spent the day. Wayne has been at the Letterman hospital at the Presidio for treatment for an ulcerated tooth and facial neuraglia but is now all right again.

Dr. Thomson and family have been camping on their ranch above Glen Ellen.

John Bain of Oakland has been visiting his folks at the ranch.

"Dutch" Andreux is working at the Union Iron Works in San Francisco.

Lynn MacQuiddy came up Saturday night from the Presidio.

Mrs. Rose Fontana, of Dixon, has been visiting her sister, Mrs. Carmer.

Harold Wade was operated upon for appendicitis in San Francisco last week. He is doing nicely.

Rural Carrier Wade has resigned from the local post office force.

Mrs. Nellie Tietjen will shortly return to New York, where her father-in-law, a wealthy banker and packer, of the Empire State, is not expected to live. She leaves her mother, Mrs. Gordenker, much improved.

Mrs. M. E. Murphy and Miss Florence have been visiting in Berkeley, where they attended the Joaquin Miller musical hour at the Greek Theatre Sunday afternoon. The poems of the late genius were set to music and sung by noted artists, accompanied by Juanita Miller, the poet's daughter.

The road from Vineburg to Batto's Spur will be put in good shape now that the piece of land has been turned over to the county. The strip of the former Lehrke property could not be secured with a good and sufficient title before, but now the way is clear and work will begin. Roadmaster Helberg has been instructed by Supervisor Weise to grade and otherwise fix the new route of travel.

Mr. and Mrs. Snyder of San Francisco have been up on a vacation at El Verano Farm.

APPLE INSPECTOR HERE

W. I. Newcomb, inspector of apples was in Sonoma Valley Monday and favored this office with a pleasant call. Mr. Newcomb explained the new law which establishes grades for the apples, standardizes the fruit and enables the grower to get a better price thereby. The apples are classified into four grades, fancy, seconds, thirds and culls. The number of apples,, the weight, variety and date of packing are put on each box before shipment.

Examinations for apple inspector in Napa, Marin and Sonoma counties took place the first of the week.

Warning to Grocers and Other Merchants Selling Apples.

The County Horticultural Commissioner calls attention to the fact that the new Apple Standard act goes into effect July 27th. This act is stringent in its regulations and will not permit of the selling of insect infected and diseased fruit. The State Apple Inspectors and the Inspectors under the County Horticultural Commissioner will have orders to seize any fruit not complying with the regulations. The act is designed to protect the consumer against inferior fruit, and at the same time protect the producer of good apples against those who show no determination to clean up their orchards and produce good marketable apples.

The provisions which relate particularly to the merchants, are as follows:

"No person, firm, company, organization or corporation, shall import into this State, or sell, barter, offer for sale or have in his posession for sale, any apples infected with any insect pest or the pupae or larvae thereof, or any disease; PROVIDED, however, that this section shall not be construed to prevent a grower of fruit so infected in the State of California from selling the same, as a part of his crop, in bulk, to a packer, or to prevent a grower or packer from manufacturing the same into an apple by-product, or from selling the same to the operator of a by-product factory for the purpose of such manufacture; AND PROVIDED, FURTHER, that the provisions of this section shall not be construed to be limited by the variations allowed by the terms of Section II of this act".

Section II above referred to, provides as follows:

"That a variation from the said standard, as to insect pests, diseases, dry rot, Baldwin spots, bruises and other defects, shall be allowed, not to exceed ten per cent total of such defects in any one package, nor to exceed three per cent of any one such defect".
